Dear Intern

We are pleased to offer you a 1-month internship at **Micro IT India** as a Software Developer in Full-Stack Development. This internship is unpaid, but based on excellence, **rewards** can be given by Micro IT India. Your internship batch starts on 01 April to 30 April, and submit your projects as soon as you complete and before 30 April 2025.

Points to remember

- You have to develop any two projects from the given projects list in your own interested programming languages.
- You can also submit your projects before 30 April.
- You can join Micro IT India Team after completion of this internship.

Looking forward to working with you!

With Best Wishes,

Mr. Vijay Kumar
